| <b>Title</b>                                                                                                                   | <b>URL</b> | <b>Authors</b>                                                                                                        | <b>Host item title</b> |
|--------------------------------------------------------------------------------------------------------------------------------|------------|-----------------------------------------------------------------------------------------------------------------------|------------------------|
| Local inversion-symmetry breaking in a bismuthate high-Tc superconductor                                                       |            | Griffitt, S.; Spaić, Marin; Joe, J.; Anderson, Z. W.; Zhai, D.; Krogstad, M. J.; Osborn, R.; Pelc, Damjan; Greven, M. |                        |
| Onset of pseudogap and density wave in a system with a closed Fermi surface                                                    |            | Spaić, Marin; Radić, Danko                                                                                            |                        |
| Utjecaj anizotropije trodimenzionalne slobodnoelektronske vrpce pod utjecajem periodičkog potencijala na stabilnost kondenzata |            | Spaić, Marin                                                                                                          |                        |
