| Calcium phosphate ceramics combined with rhBMP6 within autologous blood coagulum promote posterolateral lumbar fusion in sheep                                                              |     | Ivanjko, Natalia; Štoković, Nikola; Pećin, Marko; Vnuk, Dražen; Smajlović, Ana; Ivkić, Niko; Capak, Hrvoje; Javor, Ana; Vrbanc, Zoran; Matičić, Dražen; Vukičević, Slobodan            |                  |
| rhBMP6 in autologous blood coagulum is a preferred osteoinductive device to rhBMP2 on bovine collagen sponge in the rat ectopic bone formation assay                                        |     | Ivanjko, Natalia; Štoković, Nikola; Milešević, Marina; Rumenović, Viktorija; Windhager, Reinhard; Sampath, Kuber T.; Kovačić, Nataša; Grčević, Danka; Vukičević, Slobodan              |                  |
| Povezanost površine poprečnoga presjeka musculus vastus medialis obliquus i vrijednosti postraničnoga nagiba patele kod instabiliteta patelofemoralnoga zgloba                              |     | Šimunović, Marko                                                                                                                                                                       |                  |
| Long-term posterolateral spinal fusion in rabbits induced by rhBMP6 applied in autologous blood coagulum with synthetic ceramics                                                            |     | Štoković, Nikola; Ivanjko, Natalia; Pećin, Marko; Erjavec, Igor; Smajlović, Ana; Milešević, Marina; Karlović, Sven; Capak, Hrvoje; Vrbanc, Zoran; Matičić, Dražen; Vukičević, Slobodan |                  |
| Indukcija ektopičnog koštanog tkiva osteoinduktivnim implantatom koji sadrži rekombinirani humani koštani morfogenetski protein 6 (rhBMP6), autologni krvni ugrušak i bifazičnu biokeramiku |     | Štoković, Nikola                                                                                                                                                                       |                  |
| Zoledronate Bound to Ceramics Increases Ectopic Bone Volume Induced by rhBMP6 Delivered in Autologous Blood Coagulum in Rats                                                                |     | Štoković, Nikola; Ivanjko, Natalia; Erjavec, Igor; Breski, Anita; Perć, Mihaela; Vukičević, Slobodan                                                                                   |                  |
| Bone Morphogenetic Proteins, Carriers, and Animal Models in the Development of Novel Bone Regenerative Therapies                                                                            |     | Štoković, Nikola; Ivanjko, Natalia; Matičić, Dražen; Luyten, Frank P.; Vukičević, Slobodan                                                                                             |                  |

|                                                                                                                                                                                    |  |                                                                                                                                                                                                                                                                                                                                          |  |
